8th Euro-Mediterranean Transport Forum

Brussels, 29th & 30th May 2007

Donor workshops and micro study on Private Public Partnerships (PPP)

Project Coordinator: Stefan Enzelberger

EUROMED

Private Public Partnership Micro Study (PPP)

Question: How to finance RTAP actions?

Private investment will not be THE solution, but will have to play a role

Question: How to attract private finance into the region's transport infrastructure?

Need for a dedicated micro study

Need to disseminate study results at donor workshops

Private Public Partnership Micro Study (PPP)

Objectives of Study

Show International Best Practice from other world regions

Compare the situation in the region with International Best Practice

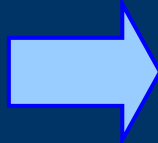

Which steps are necessary to achieve world standard and which local adaptations are necessary?

List projects which can be implemented as PPPs

Discuss projects with IFIs and investors to gauge interest

Private Public Partnership Micro Study (PPP)

Study Arrangements

Consultants will have to be experts in institutional affairs
and transport finance

Study should start in June 2007

Study should be completed within five months
